

AFTER HOURS AND WEEKENDS

LA Imaging provides 24 hours a day, 7 days a week X-ray services. After regular business hours, we provide an automated phone system with 2 options for ordering X-ray(s).

Upon calling the **LA Imaging X-ray Services Dispatch Line at 318-473-9917 or 1-800-457-8378**, the automated system will ask you to either:

PRESS 1: if you are in need of an immediate STAT X-ray. You will be asked to state your name and facility while waiting for the on-call dispatcher to answer. You may press 1 also if you need to speak with an LA Imaging on-call dispatcher for any reason.

PRESS 2: to schedule a routine X-ray to be done the next business day. You will be asked to leave a detailed message including the facility name, your name, patient's name, patient's room number, and X-ray(s) to be performed. All messages are checked and recorded the following business day.

STAT ORDERS

Once an X-ray order is deemed STAT, it becomes top priority. Our dispatch team will see to it that a rad tech arrives to your facility as quickly as possible. The images are automatically moved up in the queue to be read as priority by our contracted radiology group, Rapid Radiology.

EKG SERVICES

We provide routine EKG services when we are on-site at your facility. Single requests for EKG's only will be considered based on travel schedules.
